The MRCC's Hiring Combine is the best place to find and hire construction talent.

Instead of judging candidates from behind a table, watch them demonstrate their talent, attitude, and hustle on our 10-station skills course. Scout candidates from the course or from an elevated platform reserved for contractors. Ready to hire?

Review a candidate's resume and details using our online portal, and pull any candidate you are interested in aside for an on-the-spot interview.

We recommend bringing 5+ people from your hiring/HR teams to take full advantage of this unique hiring opportunity.

SCOUT. RECRUIT. HIRE.
