

2025 COURSE OFFERINGS

CAMTEC, the Training and Education Center at CAM, offers a wide range of construction-related classes & seminars. These can be taken at the Bloomfield Township facility or brought to various locations. Courses are open to all in the construction industry, with different fees for **CAM** members & non-members. Prerequisites are mentioned in course descriptions, and new courses are added regularly, guided by industry needs and feedback from construction personnel.

Additional class/registration information and details can be found at www.BuildwithCAM.com/events
