HELP DEVELOP YOUR WORKFORCE FOR TOMORROW

This is your opportunity to be a part of the most innovative, hands-on career exploration event held in our region. Engage with thousands of high school students, teachers and counselors, as they learn about today's most in-demand jobs from your team of professionals.

MICHIGAN DEPARTMENT OF
**LABOR & ECONOMIC
OPPORTUNITY**

MICHIGAN
WORKS!

OAKLAND
COUNTY MICHIGAN
ECONOMIC DEVELOPMENT
DAVID COULTER
OAKLAND COUNTY EXECUTIVE

BY THE NUMBERS

Up to **7,000** students and chaperones from **100** high schools across Oakland, Macomb, Wayne, Washtenaw, Livingston and Monroe counties

Over **600** employees representing more than **114** employers, labor organizations and educational partners

260 in-demand, rewarding occupations showcased in four quadrants

143 volunteers from county government, Michigan Works! offices and other organizations across the region

74 special guests, VIPs and media

YOUR PARTICIPATION IS CRITICAL

Your relationship with tomorrow's workforce starts at MiCareerQuest Southeast. In one day, you will engage with several thousand enthusiastic high school students who want to learn about today's most in-demand careers.

But MiCareerQuest Southeast, now in its fourth year, cannot take place without your financial support and active participation. This event takes several months to plan, so it is important to get your organization involved as early as possible.

Your sponsorship helps cover the major costs associated with hosting an event of this size and scope, covering 400,000 square-feet of floor space at the Suburban Collection Showplace in Novi. These include facility rental, piping and draping, banners and signage, security, food service, student lanyards, volunteer t-shirts and other necessities.

96% of the exhibitors at MiCareerQuest Southeast said the students in attendance were engaged and interested in their demonstrations highlighting in-demand jobs. (2023 exhibitor survey)

As an exhibitor, your organization's planning and enthusiasm are what makes this event an amazing, hands-on learning experience for the students, teachers and counselors in attendance.

There is no fee associated with being an exhibitor, for we recognize the staffing and resource commitments our exhibitors make are significant.

EVENT OVERVIEW

- Provides students, teachers and counselors with a clear understanding of the rewarding, in-demand job options available in southeast Michigan
- Exposes our young people to exciting career paths for the future
- Establishes a talent pipeline for the region's employers with in-demand jobs

The occupations showcased focus on four career quadrants where there are acute talent shortages today and projected into the future, each with 20+ exhibitors:

-  **Advanced Manufacturing**
-  **Construction**
-  **Health Sciences**
-  **Technology**

Students visit all four quadrants during their two-hour visit. The day is split into three sessions:

- 8:15 to 10:15 a.m.
- 10:15 a.m. to 12:15 p.m.
- 12:15 to 2:15 p.m.

In addition to hosting hands-on activities, exhibitor teams engage students in conversations about their jobs, educational requirements and opportunities in southeast Michigan.

80% of students surveyed after the event said they learned about employment and education/training opportunities they did not know about beforehand. (2023 student survey)

EVENT SPONSORS NEEDED

The generous financial contributions from organizations like yours will help make this year's MiCareerQuest Southeast another success.

EXHIBITOR TIPS: ATTRACT STUDENTS TO YOUR IN-DEMAND JOBS

Interactive activities spark a teenager's curiosity the most. Ask questions. Avoid jargon and too many technical words and terms – unless you can quickly provide a clear explanation.

Teenagers learn by listening, seeing and touching – incorporate all three in your activity to create a fun and exciting experience.

Target your demonstration to curious 14-18 year-olds, who might also have short attention spans. Your hands-on activity should last no more than five minutes and be designed for groups of 5-6 students at a time.

Keep the learning process interactive by asking students your own questions from time-to-time.

Get Involved! Join us at MiCareerQuest Southeast
